Thank you for thinking of Oakwood for your special event.  
Our "Chef" and staff at Oakwood look forward to working with you, to help you  
achieve your goals for your important day. We are here to help you!

## Oakwood Policies on Banquets & Catering Services

You will find valuable information in this book regarding our banquets and catering services. However, in order to give you the best prices and services, we need to sit down with you in person and have you tell us what you are looking for in the way of food, bar and other entities. We may bring “Chef” Dan in on this meeting for his expertise. After our sit down talk we will look at the information we received from you and be able to determine prices for the food, bar and other services that may be required.

Oakwood will try to accommodate every family tradition or whatever dream you had of your special day. Our large dining room offers beautiful hand painted walls, tranquility of a stream, a walk in the woods, it will seem like you are outdoors. While our small dining room offers a hand painted mural like you are “Looking out your log cabin home window/door.” Both areas have their own bar. Whether small or large dining area you wish to have, both can be closed to public if you needed. If your event requires both areas we will be close to the public for the event.

Available during warmer months is our deck that overlooks a small pond with a beautiful wood view. Note deck oversees our pool area with steps to the pool. Steps to the pool can be locked so pool people cannot use deck during this time. We would also post signage so public would know it's a private party.

We are in hopes to have a Tiki bar area set up in the near future off to the left of the pool area, (not in pool area) if interested check to see if you have it up and running.

Our lower level doesn't have the view; however this area is great for kid's parties. You won't have to provide a lot of entertainment for the kids with the game room being right there, just bring the quarters with you. This area could also be used if you are looking for just a meeting area and more privacy.

### HALL RENTAL

As noted above we have several areas that can be used, so we can handle from small to large events, indoor and outdoor events and even kid's events. Hall rental fees could be reduce depending on what area usage you use in our facility and cost of food, beverages and other items you would request. These hall rental prices could be wave depending how large of an event you are having for these areas.

***Rental Charges for rooms: Ask Richard what these charges are.***
